

YOUR COUNCIL NEEDS YOU!

Our Mission: Advancing and promoting excellence in the care and welfare of animals in research

Are you currently a full Member or Fellow of the Institute with two years' consecutive membership, who wants to make a difference?

Do you want to be involved in developing the future of the Institute of Animal Technology?

If the answer to the above two questions is yes then listen up:

The Institute of Animal Technology (IAT) is actively seeking new Council members, so whether you are interested in welfare initiatives, communications, education and training or just want to have a say, then why not get more involved in your professional body and join Council?

Why bother?

- the opportunity to shape the future
- great networking and personal development opportunities
- choose the area that interests you on Council and join that group
- expenses are paid to attend Council meetings
- discounted Congress attendance
- the Council Election form is simple to complete

Still unsure?

Contact us and we can talk you through the process, provide more information about Council activities and groups or you can visit the IAT website members' section.

You would need to be proposed and seconded by either two Members or Fellows of the Institute or nominated by a Branch. The IAT can assist with this too, if you have any difficulties.

Interested?

Nomination forms should be completed online from the IAT website using this link <http://iatforms.org.uk/view.php?id=16312>

When the form is submitted it is sent to the IAT Administrator (admin@iat.org.uk).

The closing date for nominations is Friday 29th November 2019.

Simon Cumming
Honorary Secretary

Institute of
Animal Technology
